Need to check on Work Orders or History?

One-click wireless connection to the server based on wireless Windows NT Security!

The image shows a Windows-style dialog box titled "EQ2Mobile Synchronization". The title bar includes the Windows logo, the text "EQ2Mobile", and system icons for network, volume, and time (10:34). The dialog box has a "Login" header and the following text: "EQ2Mobile Synchronization" and "© Copyright 2003, EQ2 Inc. All Rights Reserved". Below this is a "Login" field containing "eq2travel\administrator" and a "Password" field containing "*****". There are "OK" and "Cancel" buttons. At the bottom, it says "EQ2 Incorporated" followed by contact information: "PO Box 1483, Burlington, VT", "Phone - (802) 865-0920", "Support : support@eq2.com", and "Sales : sales@eq2.com".

Connect to server to Post or Gather Work Orders and Equipment Histories.

Wirelessly connected or disconnected your work orders and histories are always available. If wireless network is available, EQ2Mobile acts as a paging system for newly assigned work orders.

EQ2 Mobile Main Screen. One-Click close of work order or Open, Delete, and Add Details.

One-Click to select a work order or use the barcode scanner to lookup an equipment control number.

Each Work Order's Details are Available with One-Click of the Stylus.

The screenshot displays the EQ2Mobile application interface. At the top, the title bar shows the Windows logo, the text "EQ2Mobile", and system icons for connectivity, volume, and time (9:58). Below the title bar, the main content area is titled "Work Order # : 51". The form contains the following fields:

- Issue: 4/1/04 (date) and 00:00 (time)
- Type: SCHEDULED (dropdown menu)
- Proc: FIRE EXTINGUISHER (dropdown menu)
- Dept: NONE (dropdown menu)
- Location: NONE (dropdown menu)
- Priority: HIGH (dropdown menu)
- Eng: JM (dropdown menu)

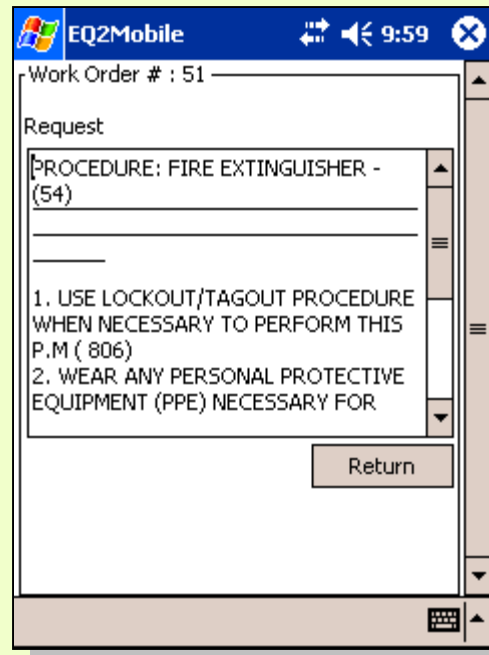

Below the form fields, there are two rows of buttons:

- Row 1: More Details, Request, Action
- Row 2: Equipment, Labor, Parts
- Row 3: Cancel, Save

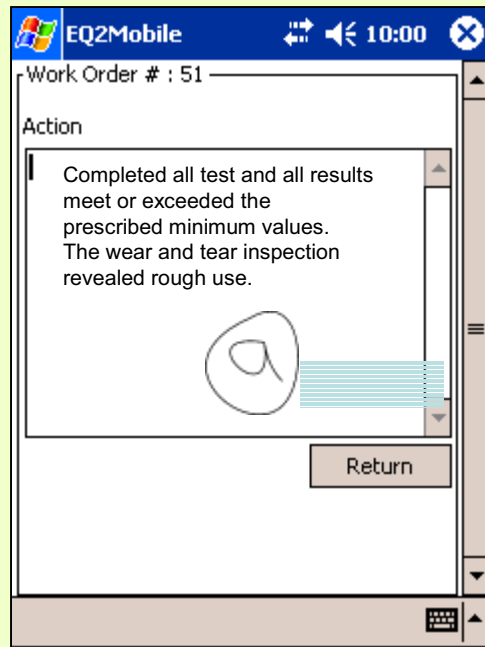

The interface also features a vertical scrollbar on the right side and a small icon in the bottom right corner.

The Work Order Request Text.

Review one or a hundred lines of text.

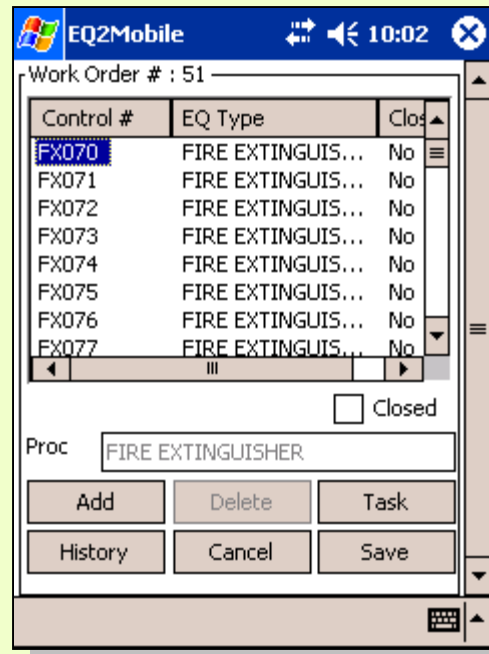

EQ2 Mobile enables manual or automated insertion of text. Using predefined text macros, in this case the “a” entered with the circle around it, caused the standard close text for this type of work order to be entered. No typing on the stylus keyboard just an “a” and circle it and you have documented the work order.

Equipment for EQ2 Mobile – link to Tasks, History and Add or Edit.

For this work order, there are 24 fire extinguishers. Keep track of which ones are closed (completed) with the one-click close.

History for any equipment control number.

Review the history whether you are connected to the network or not.

The screenshot shows the EQ2Mobile application interface. At the top, the title bar reads "EQ2Mobile" with a Windows logo on the left and network, volume, and time (10:03) icons on the right. Below the title bar, the "Work Order # : 51" is displayed. A text input field for "Control #" contains the value "FX070".

WO	Start Date	Location	?
25	4/1/04	NONE ...	C..
51	4/1/04	NONE ...	O..

Below the table, the "Action" section shows a text box with the message "Completed successfully." and a scroll bar. Underneath, there are two input fields: "Department" with the value "NONE" and "Type" with the value "SCHEDULED". A "Return" button is located at the bottom right of the form area.

PM tasks are displayed and Pass or Fail result is recorded.

Automatically create a repair work order for task failures with one-click of the stylus.

The screenshot shows the EQ2Mobile application interface. At the top, the title bar reads 'EQ2Mobile' and the status bar shows '10:31'. Below the title bar, the text 'Work Order # : 51' is displayed. The main content area contains a list of tasks:

- Task
- USE LOCKOUT/TAGOUT PROCEDUR...
- WEAR ANY PERSONAL PROTECTIVE...
- CHECK ALL FIRE EXTINGLISHERS E

Below the task list, there is a section for 'SEE DEPARTMENT MANAGEMENT FOR A COPY OF THE POLICY IF YOU ARE'. Underneath this, there are three input fields labeled 'Minimum', 'Maximum', and 'Value', each containing the number '0'. Below these fields are two radio buttons: 'Pass' (which is selected) and 'Fail'. To the right of the radio buttons is a button labeled 'Create WO'. Below the radio buttons is a text area labeled 'Remarks'. At the bottom of the form, there is a 'Control #' field containing 'FX070', and two buttons labeled 'Cancel' and 'Save'.

Labor manual entry screen.

Built in timer is enabled with one-click.

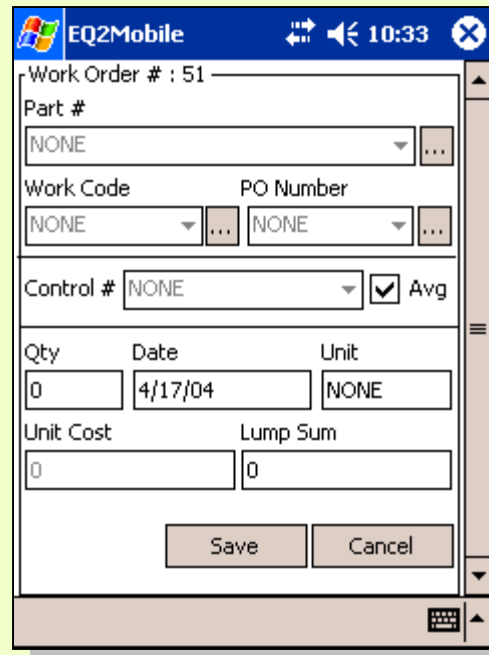

Work Order # : 51

Emp Init	Start Date/Time	
JM	4/17/04 10:31:10 AM	
Hours	End Date/Time	
0.01	4/17/04 10:31:46 AM	
Work Code	Purchase Order	
NONE	NONE	
Control #	<input checked="" type="checkbox"/> Avg	
Hourly Rate	Premium	Lump Sum
0	1	0

Vendor Save Cancel

Parts entry is also one-click enabled.

Assign your parts to one equipment item or average them to all equipment.

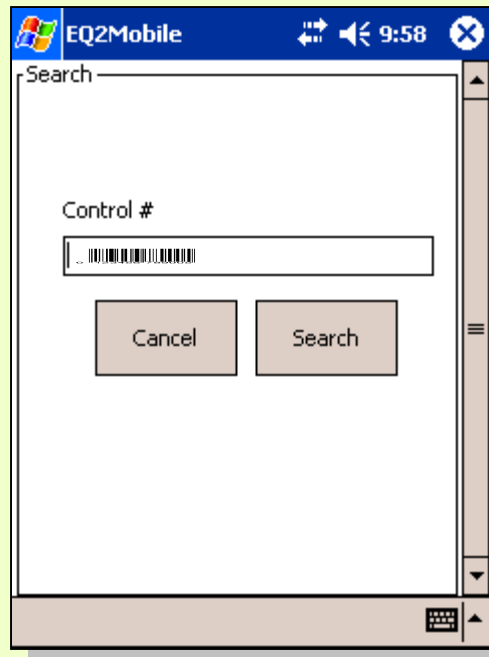

The screenshot shows the EQ2Mobile application interface. The title bar displays the Windows logo, the text "EQ2Mobile", and system icons for network, volume, and time (10:33). The main form contains the following fields and controls:

- Work Order #: 51
- Part #: NONE (dropdown menu with a search icon)
- Work Code: NONE (dropdown menu with a search icon)
- PO Number: NONE (dropdown menu with a search icon)
- Control #: NONE (dropdown menu with a search icon) and an "Avg" checkbox (checked)
- Qty: 0
- Date: 4/17/04
- Unit: NONE
- Unit Cost: 0
- Lump Sum: 0

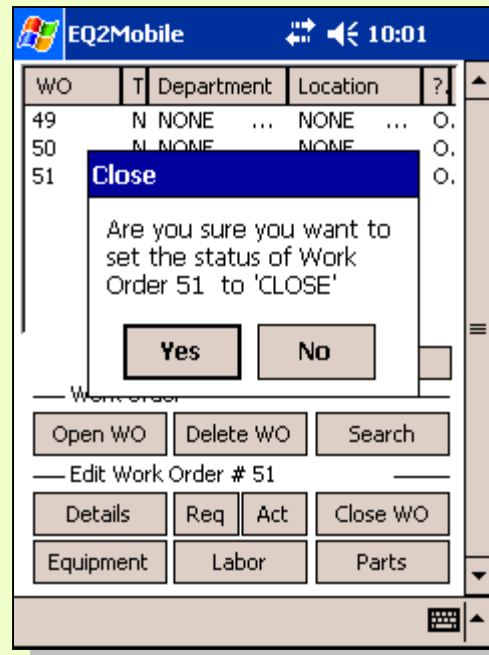

At the bottom of the form are "Save" and "Cancel" buttons. A vertical scrollbar is visible on the right side of the form.

Barcode enabled Search screen for EQ2 Mobile.

You can scan the equipment's control # with a barcode scanner and it will tell you if there is a work order for that piece of equipment on the pocket pc. If there's a work order, it navigates you to that work order

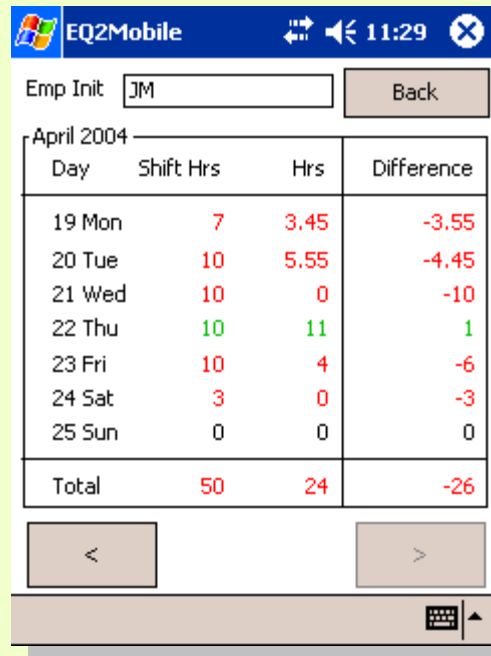

Quick close work orders with one-click

The Employee Report is available anytime.

JM never has to wonder how much time is left to document. JM's manager knows that his employees are productive because documenting work performed is automated with one-click of the stylus.

The screenshot shows the EQ2Mobile application interface. At the top, there is a status bar with the Windows logo, the text 'EQ2Mobile', and icons for signal strength, volume, and time (11:29). Below the status bar, there is a form with 'Emp Init' containing the value 'JM' and a 'Back' button. The main content area displays a table for 'April 2004' with columns for 'Day', 'Shift Hrs', 'Hrs', and 'Difference'. The data rows are as follows:

Day	Shift Hrs	Hrs	Difference
19 Mon	7	3.45	-3.55
20 Tue	10	5.55	-4.45
21 Wed	10	0	-10
22 Thu	10	11	1
23 Fri	10	4	-6
24 Sat	3	0	-3
25 Sun	0	0	0
Total	50	24	-26

Below the table, there are navigation buttons: a left arrow button on the left and a right arrow button on the right. At the bottom right, there is a small icon representing a keyboard or touch screen.

Thank You!
